

Make your home a star

with skypod® pitched skylights

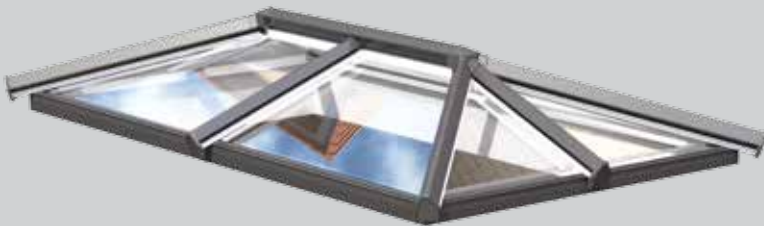

Flood your home with natural light

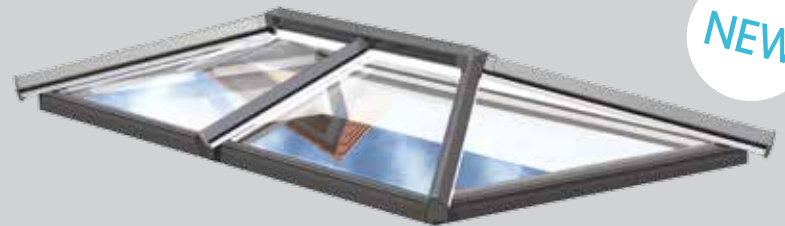

Introducing Skypod®

Imagine creating a stylish new living space that's flooded with natural light. Imagine an inspiring contemporary design feature that will not only enhance your lifestyle but add value to your home too. Some would call it the 'wow' factor.

We call it Skypod®: an innovative pitched skylight that's been created for today's style-conscious homeowner.

Innovative thinking

contemporary styling

Outstanding looks

In the past, most skylights have been made from aluminium. These are not only expensive, but the 'industrial' design isn't to everyone's taste. That's why we created Skypod®. As well as offering outstanding looks, it costs less – and provides the perfect match for your existing PVC-U windows and doors.

Sizes available

Skypod® is available in a wide range of sizes, so you can create a skylight that complements the individuality of your home. Skypod® is suitable for a wide range of projects such as flat-roofed extensions, orangeries, new builds, kitchen-diners and garage conversions.

Available in sizes up to 2.75m x 7.75m*, Skypod® is ideal for roofs of all sizes.

*Skypod® two-bar option can only be manufactured up to 1.5m x 6.5m

Two-bar pitched gable design

▲ A new two-bar pitched gable design allows you to increase glass area
For sizes up to 1.5m x 6.5m. A three-bar design is available for larger size skylights
